

Norma Driver Trophy Benelux – Round 2: Circuit Zolder

Russell Racing by PK Carsport takes second consecutive win

- Hans Thiers, Jeffrey Van Hooydonk and Gilles Magnus win at the Zolder Superprix
- Russell Racing by PK Carsport Norma M20 FC impresses with final sprint

HEUSDEN-ZOLDER – Russell Racing by PK Carsport won two weeks ago and did it again during the Zolder Superprix. After a stunning 3h race Hans Thiers, Jeffrey Van Hooydonk and Gilles Magnus finished first with the black and red Norma M20 FC .

Bert Longin and Christoff Corten seemed to break a gap in the first minutes but a collision stopped this ambition. The rest of the race was stunning. After 2h the safety car made his 4th intervention and public saw a thrilling battle between the 2 Deldiche Racing by JTB Normas and the winning Norma from Russell Racing by PK Carsport.

"We had a collision with the Norma M20 FC from Bert Longin and Christoff Corten and I really thought it was game over", Jeffrey Van Hooydonk said. "But the car felt good and we had a tremendous fight between different Normas. It was not easy because of different safety cars but Hans Thiers had a great start, I had a good pace and Gilles Magnus did put the cherry on the cake by going from third place to the victory thanks to his simple pure speed. A second win for the team which is a good thing for the ranking in the Championship."

Next meeting is on July 13th at the Spa-Francorchamps track as an opener before the Hankook 25 hours VW Fun Cup.
